Here by agree to the following terms concerning the
breeding of the two dogs listed below:

Stud: _____

Female: _____

The female's owner will pay the stud's owner a deposit fee of \$150.00 at the time of drop off or if the female is not staying, at the first visit. This fee is non refundable in the case that the female doesn't get bred due to miscalculated dates or for whatever reason. If there is a successful breeding (a "tie" is to be considered a successful breeding) The female's owner will pay the remaining fee of \$_____ minus the deposit fee.

A negative Brucellosis test and shot records are required every breeding. If the female is to be left in the care of the stud's owner, the female owner will provide any food, medication or special dietary requirements for the female. You are welcome to send blankets, beds and toys to make the stay more comfortable.

A successful litter is defined as one or more living pups born and living at least 3 days. If a successful litter does not occur the female will be bred during her next cycle, providing that the stud's owner is notified within ten days of the failure to welp. If the second attempt fails this contract will be considered void. You must use the free stud service with the same female unless other arrangements have been made. A service fee of \$150.00 is due with the free stud fee.

The stud's owner and the female's owner verify that their dogs are capable of breeding and do not suffer from any contagious conditions including but not limited to parasites, rabies, DHL, parvovirus or brucellosis.
